|                         |               | Total hours listed for credit              |              |

- In exceptional cases, when a student identifies a course not on the approved certificate list or wishes to transfer a course from another institution, the syllabus and specific reference to historic preservation content **MUST** be submitted for review. Courses not accepted for use toward a graduate degree at Texas A&M University may not be used toward the certificate.
- Where a course has a generic topic (e.g. a design studio in architecture or a capstone studio course in planning) the historic preservation content and the student's specific role in working with that content must be stated in a supporting letter submitted with the application and signed by the instructor.
- **IMPORTANT:** Please attach one signed and approved copy of your degree plan
